Esab mig welders now in stock

Origo™ Mig C280 PRO

The Origo™ Mig C280 PRO are step-regulated compact power sources for MIG/MAG welding. It is designed for light- to medium-duty applications. The Origo™ Mig C280 PRO is a 10 voltage-step unit. The operator can adjust wire-feed speed, burnback time and spot-welding time.

Origo™ Mig 320

The Origo™ Mig 320 is a step controlled power source for MIG/MAG welding. It is a 40 voltage-step unit and it has two inductance outlets. Strong, galvanised metal casing makes this unit the perfect solution for harsh environments. Wide voltage and current range optimise settings for various applications.

Esab migs priced from \$1995.00 plus GST

Prices do not include GST

WIN WITH

DENIS CUNNINGHAM LTD
Your Partner In Welding Since 1975

Congratulations to the winners of the last draw

- 1st SPUNLITE POLES LTD
- 2nd ADAMS & CURRIE LTD
- 3rd ROBERT MCCALLUM 2010 LTD

Please enter this months draw over the page.
