The EASYkleen TEC is the base model in the EASYkleen range. This economical unit is designed for light to medium use. Lightweight and highly portable, the TEC is a great unit for the fabricator who mostly does light gauge (1-3 mm) TIG work. With a range of brushes to cover all types of weld geometry and with up to 60 amps of available DC output power, the TEC is a very cost effective whilst still providing the benefits of the electro-polishing process.
